

HEALTH AND SAFETY MANUAL

ANNEX I – HEALTH AND SAFETY COMPLIANCE AND COORDINATION DECLARATION

Full name of signatory	
Type of ID	
Country of issuance	
ID/Passport number	
Position / capacity	
Company / entity name	
Tax ID	
Activity / service	
Access / activity period	

hereby declares, under their responsibility and as duly authorised representative of the company or entity identified above, as follows:

- That the company or entity complies, and shall continue to comply, with all applicable occupational health and safety obligations in relation to the activities carried out at MADRING (IFEMA MADRID).
- That it has received the information provided by MADRING concerning general risks, preventive measures and emergency instructions, including the Health and Safety Manual and any standard risk assessment or operational safety documentation made available by MADRING.
- That such information has been duly communicated to its employees, subcontractors, self-employed workers, professionals and any other personnel acting under its responsibility or control.
- That all personnel involved in the relevant activities have received the necessary training and information to perform their duties under appropriate health and safety conditions.
- That any machinery, tools and work equipment used for the activities are suitable for the relevant tasks, comply with applicable standards and are used in safe conditions.
- That all required personal protective equipment (PPE) has been provided where necessary, is suitable for the relevant tasks, complies with applicable standards, and that personnel have been informed of its conditions of use and maintenance and of the obligation to use it when required.
- That the required medical fitness certificates or equivalent health surveillance documentation are in place where legally required for the personnel assigned to the activities.
- That the presence of the necessary preventive resources shall be ensured whenever required by applicable regulations or by the nature of the activity to be performed.
- That appropriate coordination measures are in place to ensure effective and continuous compliance with the above obligations by any subcontractors, self-employed workers, professionals or third parties engaged for the full or partial performance of the activities.

HEALTH AND SAFETY MANUAL

The signatory confirms that the information provided in this declaration is true, complete and accurate, and that the company or entity holds and shall make available, upon request, the supporting documentation evidencing compliance with the obligations described above.

This declaration applies to all activities carried out by the company or entity at MADRING, including activities performed through subcontractors, self-employed workers, professionals or any other third parties acting under its responsibility. The company or entity shall remain responsible for ensuring proper coordination, information exchange and compliance with the applicable health and safety rules at all times.
